Ethan "Elvis" Avery just wanted to serve his country. Instead, he's been changed into a monster!

Tasked as the government's own living, breathing ticking time bomb, Ethan retains no control when the monster takes over. The beast is cheaper than a nuclear warhead and twice as effective, and Ethan fights to rein in the damage he unleashes when it springs free for one hour a day. With everyone around him in danger, Ethan struggles to contain the DAMAGE he inflicts on the DC Universe.

"As I grow personally and as an artist, it feels similar to how Damage is trying to be the best version of himself."
